[Peoria Transcript.]

Up the Platte river, in Nebraska, as mny have beard, it blows. And a "blow" in Nebraska is different from what it is in Illinois, The ordinary summer breeze of Nebraska would make an Illinoisan hunt his yelone cellar, and what a Nebraska mar calls a blow is a widely different sort of arment. Cyclemes are not common in the street of the state this year. We out there a few days since, and tician—a master in mechanical aids to sight. rangement. Cyclones are not common in great treeless state this year. We learned that they did not average more than three a week. Occasionally they have two mend any who have defective vision, with

the wind is in the south it fills one; when in be north the other. We are credibly in formed by an old native-one who came through with the forty-niners - that the Platte sometimes overflows its banks, and green Prof. Samuels:
people think it has been caming above, when DEAR SIR—Being among the first to it is simply the wind blowing up stream; and again, it goes almost entirely dry when the wind is down stream. All the stories of fish showers are true, and they are all blown out of the Platte. People go around in the evening regularly, looking to see whether the cables that hold the houses to the ground are all secure, and it is nothing for them to sleep all secure, and it is nothing for them to sleep the first of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying that they have proven thoroughly satisfactory, enabling me to read with the greatest case and without wearying my cyes. I take great pleasure in commending the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail myself of your professional services in this city, and now having tested your crystal glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail a glasses, which you fitted upon me, I feel a sense of duty as well as a pleasure in saying the first to avail a gla all secure, and it is nothing for them to sleep | ing you to all who require artificial assistfor hours with the house two or three feet ance, believing your glasses to be the best above the ground. They have a perfect control in use. I remain yours respectfully.

H. H. OWENS, M. D. tempt in that country for cyclone caves or cellars, and people who have become accustomed to the wind say they wouldn't give a snap for a breeze that couldn't blow away a

hole in the ground.

LAWRENCE, August 10, 1883. It gives me pleasure to certify to the great benefits received by my son and daughter, aged respectively twelve and ten years, by the use of Prof. H. Samuels' glasses. Both of them had suffered from defective sight, so that they had been compelled to abandon school for more than a year. Other eminent authorities had prescribed for them without succes, but Prof. Samuels' specially the use of Prof. H. Samuels' glasses. Both of them had suffered from defective sight, so that they had been compelled to abandon school for more than a year. Other eminent authorities had prescribed for them without succes, but Prof. Samuels' specially the accident resulting in a fall in his The Venerable Simon Cameron. year by the accident resulting in a fall in his cles gave them immediate and permanent bouse some months ago, and the creet form that has been so well known in state and nation for half a century will never be seen again. He walks with a long came, holding and resting on it as did the patriarchs of old.

Professor of Natural History Enterprise Professor of Natural History, University and his step is feeble and halting, but he rests well, enjoys his dinners, and chats in the

most genial way with old time friends and focs. He loves to talk of the days beyond the memories of those about him, and his store of knowledge of the men known only to the turned to this city, I take pleasure in recpresent generation in history makes him as amounted ing him as an expert n his specimentary and entertaining in his conversal failty.
